Hi Sigit,

Thanks for getting in touch. AusIMM is happy for you to use this content in your thesis as described.

If I can be of further assistance please let me know.

Kind regards,
Kristy

Subject: Permission to reproduction of contents published in Iron Ore 2019 - I am the main author

Dear Publishing Department AusIMM,

I am preparing a thesis entitled: 'Reduction of New Zealand Titanomagnetite Ironsand by Hydrogen Gas in a Fluidized Bed System'. This thesis is going to be available online at Victoria University of Wellington and University of Wollongong approximately in September 2020.

I wish to have your permission to include in my thesis all written texts and Figures (with some changes) from the article: '*Development of an Experimental Fluidised Bed Reactor for the Processing of New Zealand Titanomagnetite Ironsand*' published in Iron Ore Conference 2019 Proceedings, Perth, pp. 456-463

I am the main author of the paper. Full authors: Prabowo, S., Longbottom, R., del Puerto, D., Ryan, M., Bumby, C., and Monaghan, B.

I also have attached the copyright form to which I fill it by myself (I am the main author).

I would be appreciated if you would indicate your agreement by signing and returning one copy of this form. I am looking forward to your reply. Thank you for your cooperation.

Best regards,
Sigit
